PLANNING REPORT ON:

**AMENDMENTS TO CITY OF WARWICK, RI –
ZONING MAP, TEXT and CONDITIONS**

ORTHO RI AT THE CROSSINGS PROJECT

PREPARED FOR:

BELLECASTLE REALTY, INC.

PREPARED BY:

**JDI ENTERPRISES
JOSEPH D. LOMBARDO, AICP, PRESIDENT
August 2018**

PURPOSE OF REPORT ~

The purpose of this report is to complete a Planning Report to the City of Warwick with regard to the proposed Zoning Map Amendments by Bellecastle Realty, Inc. This report includes a review of the City's Comprehensive Community Plan, and Zoning Ordinance. In addition, this report provides a recognition and consideration of the applicable purposes of the Zoning Ordinance. It is the express purpose of this Planning Report to provide a Summary and Conclusions with respect to the consistency with the Comprehensive Community Plan, and Zoning Ordinance Purpose Statements.

PROPOSED ZONING MAP AMENDMENT -

Bellecastle Realty, Inc. proposes to amend the City's Zoning Map, Text with Conditions by requesting specific text changes regarding A.P. 257 - Lots 10 & 13. The subject parcels are located directly off Greenwich Avenue and Crossings Boulevard. There is a specific number of additional permitted uses specified in the proposed new ordinance.

The project includes:

Residential units – four 18-unit buildings and three 48-unit buildings – 216 total units

Medical Office space – 60,000 SF +/- Phase 1, 40,000 SF +/- Phase 2 (3 story buildings)

Thus, the purpose for the zone text amendments requested which will amend, replace and supersede previously enacted ordinances affecting the subject property, specifically Ordinances O-98-23; O-03-26; and O-06-23.

DESCRIPTION OF ZONING DISTRICT ~

The following Zoning District descriptions are appropriate to this application:

CURRENT ZONE DISTRICT ~

PDR – Planned district residential A-7
O - Office

The Parcels are zoned Office and PDR overlay subject to twelve stipulations and conditions as specified in the application and draft ordinance that include height, parking signage, buffer requirements, access, and permitted uses.

CONSISTENCY AND COMPLIANCE WITH THE COMPREHENSIVE PLAN

The following Recommendations are taken from the Comprehensive Community Plan and are deemed applicable and germane to the proposed Zoning text amendments requested by Bellecastle Realty, Inc.:

- **Vision for 2033 - We are committed to a diversity in land use that promotes a strong, stable tax base, including preserving industrially zoned land for non-retail uses.**
- **LAND USE ELEMENT -**
 - o **GOAL:** Warwick has sufficient diversity of land uses to support a strong and stable tax base
- Continue to balance land uses, particularly between regional retail and non-retail commercial uses.
- **The Future Land Use Map** for the most part shows general, consolidated land uses. The consolidated land uses on the map take two forms: a) consolidation under one category of land uses with similar impacts, for example, a "Commercial" designation for areas where retail, service and office uses already exist or where they would be appropriate.
- **COMMERCIAL -** The Commercial land use category, which includes office uses, is located along Route 2; in specific lots along Post Road south of Centerville Road; in specific lots along Tollgate and Centerville Roads; and in scattered locations elsewhere in the city.
- **Changes to Commercial land uses.** There is less General Commercial land use on the Future Land Use Map than shown on the Existing Land Use Map, because major corridors and commercial intersections are shown as mixed-use areas. Airport acquisitions and the Main Avenue realignment have created future locations for commercial uses east and west of the airport's Runway Protection Zone. Residential uses will not be permitted in those areas.
- **Considerations for future zoning of commercial land uses.** The Commercial land use category can include a variety of commercial land use types, such as regional retail, office, neighborhood commercial, commercial water-dependent uses (such as marinas), and so on. The type of commercial use permitted in areas designated with the Commercial land use category will be controlled by the zoning, not the broader land use category. For example, within the Commercial land use areas

designated on the Future Land Use Map, the city may zone certain areas for office uses, limiting or denying other types of commercial land use.

- **GOAL 6. Public and private development meets high standards of urban design.**
- **POLICY** • Ensure that proposed new residential, business and industrial uses are compatible with the character and surrounding area.
- **ACTION ITEM:** With guidance from the future land use map, maintain appropriate transitional uses and buffering between commercial and residential districts.
- **ACTION ITEM:** Increase access to high-quality employment opportunities for Warwick residents
- **Economic Development Element ~**
 - **GOAL #1:** Attract and retain business in key existing and emerging economic base industries
 - **GOAL #4:** Increase access to high-quality employment opportunities for Warwick residents

THE SUSTAINABILITY QUESTION ~

Again, to reiterate one of the central themes to the Warwick Comprehensive Plan:

- **Vision for 2033 - We are committed to a diversity in land use that promotes a strong, stable tax base, including preserving industrially zoned land for non-retail uses.**

RI ORTHOPEDIC'S PROJECT DEVELOPMENT SITE AND SURROUNDING AREA

The project site consists of both an existing Crown Plaza hotel development to the north, and existing office building development to the west. Across the street to the east on Greenwich Avenue is an existing residential neighborhood area, as well as residential to the south of the subject site. These land uses can be seen on an aerial view, such as available from Google Earth. The proposed Zoning Map, Text and conditions for the subject property and the designed Master Plan which includes high value and specialized medical office space, along with the 216 residential units in multiple buildings is clearly a desirable extension of the existing land use pattern in this portion of the City of Warwick,

CONSISTENCY AND COMPLIANCE WITH THE ZONING ORDINANCE ~

The zoning ordinance and all amendments thereto, shall be consistent with the city's comprehensive plan, as described in Rhode Island General Laws Section 22-2 and shall provide for the implementation of the city's comprehensive plan.

• 1007.2. *Review by planning board.* Among its findings and recommendations to the amendment or repeal of this ordinance or zoning map, the planning board shall:

(A) Include a statement on the general consistency of the proposal with the comprehensive plan of the city, including the goals and policies statement, the implementation program, and all other applicable elements of the comprehensive plan; and

(B) Include a demonstration of recognition and consideration of each of the applicable purposes of zoning as presented in section 100 of this ordinance.

The following purposes are taken from the Zoning Ordinance – Section 100 – Title and Purpose and are deemed applicable and germane to the proposed Zoning Map amendment by Bellocastle Realty, Inc.:

103. - Purpose.

This ordinance is designed to:

103.1. Promote the public health, safety, and general welfare of the city.

103.2. Provide for a range of uses and intensities of use appropriate to the character of the city and reflect current and expected future needs.

103.3. Provide for orderly growth and development which recognizes:

(A) The goals and patterns of land use contained in the comprehensive plan of the city adopted pursuant to G.L. 1956, § 45-22-2.1 of say (as amended);

(B) The natural characteristics of the land, including its suitability for use based on soil characteristics, topography, and susceptibility to surface "water" or groundwater pollution;

(L) The availability and capacity of existing and planned public and/or private services and facilities;

(I') The need to shape and balance urban and suburban development; and

103.7. Provide for the protection of public investment in transportation, water, stormwater management systems, sewage treatment and disposal, solid waste treatment and disposal, schools, recreation, public facilities, open space, and other public requirements.

103.10. Promote a high level of quality in design in the development of private and public facilities.

103.11. Promote implementation of the Warwick comprehensive community plan, as amended

Opinion: I have reviewed the concept plans prepared by Ciarofida & Associates for this project and find that at the concept Master Plan stage of site design, for those items above that apply, either the applicant has already made design provisions to comply, or there is adequate land area to accomplish these requirements at subsequent future stages of design and approval by the City.

SUMMARY AND CONCLUSION ~

It was stated that the express purpose of this Planning Report is to provide a **Summary and Conclusion** with respect to the Application by Bellocastle Realty, Inc. for a change to the Warwick Zoning Map, Text and with Conditions. This report described the nature of the request by Bellocastle Realty, Inc. to the City and the description of the Zoning Districts as they exist and the specific proposed text amendments. The report then outlined those Goals, Policies and Action items of the Land Use and Economic Development Elements of the Comprehensive Plan that were deemed to be germane to the proposed amendments by Bellocastle Realty, Inc.

Further, the Purposes of the Zoning Ordinance, which were deemed applicable to this application by Bellocastle Realty, Inc., were presented in this report. These purposes of Zoning mirror those in the Zoning Enabling Act – RIGL Chapter 45-22.2. A discussion regarding suitability was presented to highlight that the proposed uses allowed on the property would be in keeping with the current land use pattern of the area.

Approval and development of this project will go towards these Objectives of the Comprehensive Community Plan to:

Ensure that proposed new residential, business and industrial uses are compatible with the character and surrounding area.

and,

Increase access to high-quality employment opportunities for Warwick residents

Based on all that has been presented in this written report, it is the professional opinion of Joseph D. Lombardo, AICP, President of JDL ENTERPRISES that the proposed Zoning Text Amendments requested by Belleseale Reully, Inc. are

**CONSISTENT WITH, AND IN COMPLIANCE WITH THE
ZONING ORDINANCE**

AND,

**CONSISTENT WITH, AND IN COMPLIANCE WITH THE
COMPREHENSIVE COMMUNITY PLAN OF
THE CITY OF WARWICK.**
