SUBJECT: Increase Walking Distance- Policy EEAA

This memo is a request to increase the Warwick Public Schools Walking Distance Policy EEAA to a ¼ of a mile for Elementary, Middle and High School. The request is due to budget constraints and is the least intrusive increase for the community. With the proposed walking distance, the Transportation Department will be able to maximize the amount of buses within the budget and will continue to route students that are affected by roads deemed hazardous by Warwick Public Schools and The City of Warwick.

Grade Level	Current Walking Distance Home to School	Proposed Walking Distance Home to School
Elementary School K-5	.75 miles	1 miles
Middle School 6-8	1.75 miles	2 miles
Senior High School 9-12	2 miles	2.25 miles

Please add this request for action to the May 10, 2022 School Committee agenda.
